**The WZO elections are upon us.
Every 5 years we have the choice,
Whether to keep the status quo,
Or give democracy in Israel a voice.**

**You've heard messages about the election,
But perhaps it's time for another.
Yes, we'll continue to nag you,
Like the proverbial Jewish mother.**

**As the votes are being tallied,
Frankly, our number could be greater.
We fear that you all are stalling,
And planning to cast ballots later?**

**Your vote can be done online,
Or vote by text - also cool.
You can even vote right here,
Tonight, before you leave shul.**

**With a billion dollars to allocate,
Don't leave Mercaz high and dry,
When you cast a vote for Slate 6,
Pluralism gets a piece of the pie.**

**With the ballots closing tomorrow,
We're asking nicely, pretty please,
We can have a say in Israel's future,
All of you hold the keys.**
